It's Easy To Take

Thin, pale, anæmic girls need a fatty food to enrich their blood, give color to their cheeks and restore their health and strength. It is safe to say that they nearly all reject fat with their food.

is exactly what they require; it not only gives them the important element (cod-liver oil) in a palatable and easily digested form, but also the hypophosphites which are so valuable in nervous disorders that usually accompany anæmia. SCOTT'S EMULSION is a fatty food that is more easily digested than any other form of fat. A certain amount of flesh is necessary for health. You can get it in this way.

The editor of the ADVERTISER has heard DeMotte's lecture on "The Harp of the Senses," or the secret of character building and can assure the public that it is simply grand. In our opinion it is far superior to Col. Bain; and if you love lectures you must hear it, and if you do not go and you will learn to. The lecture course committee have secured in DeMotte a genuine treat, and many who have not attended the course should go to this.
