MALLEABLE

Adj. Capable of being easily wrought, as a metal.

Yet, as any dictionary will attest, this is a word of four syllables, not three, and the second syllable has the long "e" sound

Correct pronunciation:

(Capitals indicate syllables to be accented.)

From Indianapolis: Why is "I" pronounced "r" in COLO "I" pronounced "r" in COLO-NEL? F. I. Answer: Originally the word was spelled CORONEL, the Spanish form, which is pronounced kaw-raw-NEL Later

the French spelling, COLONEL, was adopted, but the French pronunciation was not followed. Thus we see that today's pro-nunciation, KER-n'l, is a corrup-

tion of the Spanish word coro-nel as used in England in Eliza-bethan times.
