### **SAN DIEGO BREVITIES.**

The local division, U.S. Naval Reserves, held a smoker last evening on their vessel, the *Pinta*, and to say that the affair lacked interest or excitement would be contrary to the facts. The boys had boxing contests, songs, competitive drills, as well as plenty of refreshments, to the accompaniment of their own brass band. The *Pinta* was decorated with bunting, and electricity furnished the illumination, and the eleventh anniversary of the organization was a success in all respects.

William Crosby, a discharged soldier, has been taken into custody, pending an examination as to his sanity.

The Country Club gave an elaborate supper last evening in honor of Miss Jessie Barrett, daughter of the late Judge O. M. Barrett. The announcement of the engagement of Miss Barrett to Hugo Klauber was made in the form of a toast, and created much surprise, as the fact had not become known. Mr. Klauber is of the firm of Klauber, Wangenheim & Co., and both young people are prominent members of society. The wedding will take place about October 1.

E. W. Mansfield, formerly manager of Fisher's Operahouse under the Fisher régime, will go to Los Angeles tomorrow to be joined by his wife, and together they will go to New York, where Mr. Mansfield will assume charge of one of Fisher's "Silver Slipper" companies.
